Bridge Report

Considerable consternation was aroused first of the week when a report went out that it was the intention of the County Road commissioners to have the McMaster bridge abandoned. This bridge crosses the AuSable river about five miles west of the mouth of the North Branch. The report even reached Detroit, Bay City and other places where there were parties vitally interested because of owning property near the bridge.

Investigation was made and Frank Barnett, a member of the Road commission, and James Knibbs, county superintendent, deny that that matter had ever come up before the Board and that the Board had no intention of abandoning the bridge.

Asked if he believed that the McMaster bridge was safe, Mr. Barnett said that it was in good condition and safe for travel.

Just where the story started seems to be a mystery. Anyway, according to the best authority, the bridge will continue to serve the public. Without the bridge, people residing in that district would have to drive 24 miles to reach the opposite bank of the river. There are many fine clubs located on both sides of the river near the bridge.

MENU FOR GRANGE CHICKEN DINNER

The Grange is to give another of their popular chicken dinners at the Oddfellow temple Saturday, Jan. 8, to be served from 5:00 to 7:00 o'clock p. m. The members are making a drive for money to put into a building fund, so they may erect a hall in the near future in which to meet and hold their social affairs. They will appreciate a large attendance at their dinner Saturday.

Following is the menu, which sounds very good:

Fruit Cocktail

Chicken and Biscuits

Mashed Potatoes

Creamed Carrots

Soured Beets Cabbage Salad

Rolls Pies

Coffee

GEO. BURKE TOLEDO HOTEL PORTER

(From Toledo Blade)

There are stories in the paths of people through the world. The lower they start on the success ladder, and the higher they reach, the better the story. In the days when Mark Burnett ran the Burnett House, popular Toledo hotel, one of the porters was George Burke. That was around 40 years ago. A Toledoan, W. Edward Myers, of The Blade, spent the week-end at Grayling, Mich. There he found George Burke, the former Burnett House porter. He is one of the business leaders of the town, the representative of a popular motor car there for many years. And this year he was the town's big Santa Claus, giving away more than 2,000 bags of candies and such things to the little children of the Grayling community. Good for the ex-Burnett House porter.

It's hard to imagine George as a porter but we'll bet he made a good one. And that's not all George has done. While he never sailed the ocean blue, still he did sail the Great Lakes. That was great life, said George one day this week while talking with County Treasurer Bill Ferguson and this writer. And George chimed in and said that a sailor, besides having a girl in every port, had to know how to use his fists if he hoped to stay on the job. Bill agreed with him and a little pumping revealed that he too had sailed upon the waters. It was interesting to listen to these two old fresh-water sailors tell of their sailor days experiences.

Church News

Sunday, January 10th

10 o'clock—Church School.

11 o'clock—Morning Worship.

Owing to the illness of Mrs. Flory, it was necessary for Rev. Flory to omit the services scheduled for last Sunday. However services will be resumed as usual next Sunday, and a good attendance is hoped for.

We are pleased to say that Mrs. Flory is recovering nicely now at the Tolfree hospital in West Branch.

Circuit Court To Convene Tuesday

The January term of circuit court will convene next Tuesday afternoon at 1:00 o'clock with the newly elected judge, John

Shaffer on the bench for his first term in Crawford county.

A small calendar confronts him however on this occasion so no doubt the session will be very short one. Following are the cases to be disposed of, all of which are Chancery cases, with the exception of a petition for naturalization of Moses Woods.

Chancery Cases

In the matter of the assignment for the benefit of creditors of Marius Hanson.

Enos Anderson vs. Nick Schjotz, petition.

Ivy Marlowe, petition for discharge of mortgage.

Clifford Knibbs vs. Florence Knibbs, divorce.

Harry Cottier, petition for discharge of mortgage.

Petition of the Crawford County board of supervisors regarding the water-level of Lake Margrethe.

Statistics show the city of Milwaukee as the leader in safety in the United States.

The next meeting of the club will be held Jan. 11th, at the home of Mrs. Fred Welsh.

Ronnow Hanson To Sell License Plates

County Treasurer William Ferguson, who for the past 11 years has had charge of the selling of auto license plates in Crawford county, last week wrote Secretary of State Leon Case his resignation. Accordingly Mr. Case has appointed Ronnow Hanson to do the job.

Everyone who has had to purchase license plates knows that Bill has done a good job and deserves a lot of credit for the way he has handled this important work.

However the job is in good hands again and we know the public will heartily welcome Ronnow Hanson in the position of license clerk. He was born in Grayling and is well known to just about everyone. For several years past he has been our efficient Register of Deeds and was re-elected again in November with a large majority vote. His office is in the courthouse where license plate patrons will find him on the job prepared to continue the fine service we have had in the past. It's a busy job but carries with it a fair renumeration for the service.

MISS LULU MALONEN HONORED AT SHOWER

Being guest of honor at a party she was attending Monday evening was a genuine surprise to Miss Lulu Malonen. The affair was a bridal shower given by Mrs. Bernard Callahan at St. Mary's hall, and Miss Malonen was tricked into attending, being told there was a church party in progress. It was not until after lunch was served and she was presented with many daintily tied parcels that she realized the party was in her honor. And we doubt if she was any more thrilled than when she was chosen Grayling Winter Sports queen some years back.

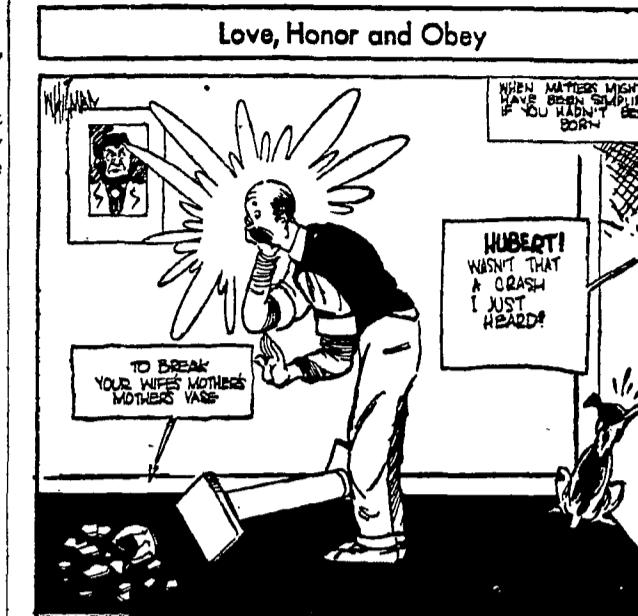

During the evening some 25 gifts were distributed to the guests following a series of games. The lunch tables were decorated in a pink and white color scheme with favors of tiny candies in candy holders that were lighted. There were some 35 ladies present.

Miss Malonen will become the bride of Jack Callahan at a ceremony to be solemnized at St. Mary's church Tuesday morning, January 12.

NOTICE

Pay taxes now. After January 10th a penalty of 3% will be added. Winter taxes are due and payable at the City Office.

Florence Butler, City Treasurer

Womans Club

The Woman's club met Monday, Jan. 4th, at the home of Mrs. Holger Schmidt.

An interesting talk was given on safety by Mrs. Fred Welsh, followed by an open discussion by the members of the club.

From the talk and discussion, members of the club found that the Christmas holidays brought tragedy instead of happiness to many people in the United States because of the disregard for safety and the law. Most of the traffic deaths should not be classed as accidents, but as carelessness. Three-fourths of the accidents were caused by drunken drivers. Anyone under the influence of alcohol should not drive a car, because they not only endanger their own lives but those of other people. Many accidents are also due to defects in car or poor tires.

Statistics show the city of Milwaukee as the leader in safety in the United States.

The next meeting of the club will be held Jan. 11th, at the home of Mrs. Fred Welsh.

HANSON CAFE ORGANIZES BASKET BALL TEAM

The Hanson Cafe basket ball team, under the sponsorship of Frank Bennett, has organized for the coming season. A meeting was held recently for the purpose of organizing. The following members were present at the meeting: May, Sorenson, Gothro, Dawson, Simcock, Borchers, Hanson, Lovely, and Robertson. Mr. Bennett acted as chairman of the meeting and Robertson was elected to act as team manager.

Plans are being made to bring in some good basketball teams to play the Hanson Cafe here. Such teams as Cheboygan, Gaylord, Oscoda, Charlevoix, Mt. Pleasant, and other strong teams.

With the addition of four members of last year's high school team, the Hanson Cafe will present one of the strongest quintets in northern Michigan.

The opening game will be played here on Tuesday, Jan. 12, with West Branch as the opponent. Come out and watch the boys in action.

Kewanians Dance At Shoppagons Inn

Under the sponsorship of the Kiwanians club a dance, for members and their friends, was given at Shoppagons Inn following the party at the school gym.

The party was given that, as a club, the members might exchange New Years greetings to each other on the eve of another club year.

The hotel dining room where the dance was given, was gay with multi-colored balloons festooned from the ceiling. Hats were passed out and the ladies and gentlemen of the club and their guests congratulated each other upon what seemed to be another successful year just beginning.

Lunch and breakfast were served to the guests before the party broke up.

Dancing Was In Swing At Spike's Gardens

Before New Years reservations had been made for dancing at Spike's and the place was filled to capacity throughout the evening. Decorations, appropriate for the occasion, were very attractive and the crowd danced to a good orchestra until the closing hour.

Watch Parties

Watch parties were also held by organizations and private individuals as the old year vanished and the New Year came in.

FIVE YEARS OF SERVICE

As the curtain of 1936 was rung down, so also Grayling State Savings Bank drew the curtain on its first five years of business. Five years during which time the stockholders, patrons of the Bank and citizens of Grayling generally have witnessed that institution grow from a small beginning into a well established small city bank.

We call attention to a full page advertisement showing a consolidated balance sheet of the Bank, covering a period of five years. This appears on the last page. A study of the report is very interesting.

Our citizens have reason to feel proud of our Bank. F. E. Hanson, president of the Bank, and John Braun, vice-president and manager, deserve the credit for the wonderful progress the Bank has made during this short period. They not only have proven themselves able financiers but by good business methods they have been able to financially assist local firms and individuals in the promotion of their business affairs and property improvements. This has enabled many to go ahead with their projects which otherwise might have had to be abandoned.

By a study of the Bank's advertisement one cannot help but realize and appreciate the soundness of the institution and the security its methods assure. The people of this community are to be congratulated on having a good bank to serve them. The bank officials to be thanked for making it possible.

WEATHER.

Everything but the right kind. Zero temperature Tuesday night gradually rose until now it is about 40 degrees. Snow and ice are all gone and a light drizzling rain is falling today. Heavy clouds predict snow and should that happen the temperature drops to solid freezing there is still chance of having winter sports Sunday. That at this time seems improbable. Hundreds of people in Toledo and Detroit hoping to come here Sunday for winter sports are doomed to disappointment. This is very regrettable.

FUNERAL OF MRS. FEHR
HELD IN ST. JOHNS

Funeral services for Mrs. Charles Fehr who passed away at Mercy Hospital at 2:30 o'clock on Dec. 31, of a heart attack, were held at St. Johns. The remains were taken there Friday and the services held Saturday afternoon. Besides the family there were there the following relatives and friends in attendance: Hugh Cline, Great Falls, Mont.; Mr. and Mrs. R. C. Monell, Caro; Mr. and Mrs. Clarence Trudeau and Joseph Trudeau, Detroit; Mr. and Mrs. Carl Mickelson, Miss Frances Mickelson and Miss Helen Estee, Mason.

Mary Cline was born in Lincoln, Tenn., Jan. 1889 and when she was a mere child her parents died. At an early age she came to Michigan and made her home with an uncle, Tompkins Abbie of St. Johns. Here she attended school, graduating from the St. Johns High school, and later attended college in Grand Rapids. It was at St. Johns that she met Charles Fehr and the couple were married in 1910, and four years later they came to Grayling and this had since been their home.

Mrs. Fehr had long been a loyal and active member of Grayling Chapter O.E.S. No. 83, holding the office of secretary for years. She was also a member of the Lady Macabees. She enjoyed a wide circle of friends through her lodge associations not only in Grayling but elsewhere, and among her neighbors she will be missed very much. This is the first break in the family circle with the husband, the two daughters Mrs. Herbert Trudeau and Mrs. Gale Clise and granddaughter Guinevere Trudeau surviving. A brother Hugh Cline, also survives. All have the sympathy of many friends in their bereavement.

CONSERVATION MEN MET
WITH I. W. L.

At a meeting of the Izaak Walton League held Wednesday night, the following resolution was adopted by the Conservation committee of the League:

Resolved: That the deer hunting licenses be increased fifty cents each for feeding and planting program and that such sums collected be earmarked for this purpose only.

Resolved further: That we request the elimination of trapping program for deer this winter as the local chapter of the Paul Walton League plans a feeding program if necessary, financed by popular contribution from local citizens. Provided that the deer trapping program was to be for experimental purpose only, and not taking away the deer so trapped, that we would not oppose such a measure.

Resolved further: That the Conservation commission take steps at once to open up game refuge located in Township 26-4 and commonly known as the Hanson State Military Reservation to periodical hunting. Conservation Department to determine from year to year when conditions render it necessary to open or close this refuge according to its deer population.

Missis Bartlett and Wakeman of the State Department of Conservation were in attendance as representatives of the state commission.

WHITE-SWARTHOUT

Saturday afternoon, Miss Irene Swarthout, daughter of Mr. and Mrs. George Swarthout of this city, became the bride of Mr. Morris White, son of Mr. and Mrs. Rollie White, of Jackson. The ceremony was performed by Rev. Lovejoy in the parsonage of the M. E. church in Gaylord. Miss Layelle Wheeler of Grayling and Mr. Tony Ricci of Roscommon were the only attendants.

The bride wore a Copenhagen blue street length gown with gold clasps on each shoulder. A matching turban with a tiny veil, and black opera pumps completed her outfit. A corsage of sweet peas and lilies of the valley adorned her shoulder.

A light navy blue gown with matching accessories and a corsage of pink and white sweet peas were worn by the maid-of-honor.

With only the family present, a wedding dinner was served by the bride's mother.

The young couple will make their home in Jackson.

Lovells

Dr. William Shannon of Detroit, enjoyed a few days at his cabin on Shopack Lake.

Mr. and Mrs. Neumann, have returned home after spending the holidays in Ohio.

Mrs. Jess Pratt and baby of Frederic, is visiting her parents, Mr. and Mrs. Roy Small, at Crapo Lake.

Mr. and Mrs. Elmo Nephew spent New Years in Frederic, with Mrs. Nephew's parents.

Glen Gregg has sold his farm to Nick Loefler, of Detroit. Mr. Loefler has bought the farm for a summer home.

Don Small of Detroit, enjoyed New Year's with his parents, Mr. and Mrs. Roy Small.

The Lovells' children have gone back to school at Frederic, after spending a pleasant vacation.

Mr. and Mrs. Frank Lanstrom and son Junior and his friends, Harry Morris and Christ Kimberly, all of Detroit, spent the New Year at the Lanstrom cabin.

Mr. and Mrs. Edgar Caid have moved to Frederic for the winter.

Some of the Lovells' folks surprised Mr. and Mrs. Frank Lanstrom at midnight on New Year's eve. The time was spent in singing and an all around good time. Mr. and Mrs. Lanstrom proved to be delightful hosts.

I have it by excellent authority that Donnie Reynolds—of the

Bostonian Reynolds—has stopped smoking 2 for 5's and has taken over a briar pipe, which belongs to his great-grandpappy—as towing the two-county meeting true a seaman as ever rode the Atlantic. That's why you've noticed the vast change in the Beaver Creek and Maple Forest much-talked-of statue. Or hadn't you noticed?

Someone else made a New Years resolution! Notice the change in our friend, George Schroeder? Well, I'll let you in on a matter of great confidence. George, in addition to deep-breathing exercises before breakfast and a brisk swim in the AuSable, has sent for a copy of "Atlas—strongest man in the world" and will probably be an up and coming rival of the present world's title holder. Leave it to George.

FARMERS TO MEET AT GAYLORD

A meeting of the farmers of Crawford and Otsego counties will be held at the Courthouse at Gaylord on Monday, January 11 for the purpose of explaining the provisions of the 1937 program. The meeting will start promptly at 10:00 a. m. and will continue into the afternoon. Representatives of the Extension Service of Michigan State College, and of the State Agricul-

tural Conservation committee will explain in detail the provisions of the new program. Followed to his great-grandpappy as towing the two-county meeting true a seaman as ever rode the Atlantic. That's why you've meetings will be held at the Beaver Creek and Maple Forest town halls.

T. E. Douglas spent a few days in Saginaw the past week.

E. S. Houghton is confined to

his home with a rather severe attack of lagsippe.

C. F. Underhill and wife left on Monday of this week to spend the remaining winter months in Detroit and other cities.

Mr. and Mrs. E. S. Houghton, Mrs. Jos. Kennedy and Miss Julia McCormick attended the Moose ball at Grayling on New Year's night and had a very enjoyable time.

The Gleaners gave a dinner dance on Saturday evening at the farm of Robert Papuritis and a good time is reported.

Mrs. D. V. Clark, a former resident of Grayling, but of late years residing in Weyanwega, Wis., is spending the holidays with his sisters, Mrs. Ed. Douglass and Mrs. Stullwagon.

Shopping Ensemble

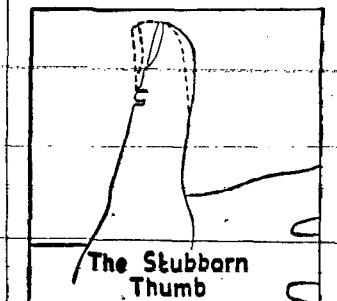

Charming, yet businesslike is this trim street ensemble seen at a Paris fashion parade recently. Three-quarter length coat and skirt are of black velvet. The coat, cut with that fashionable dip to the back, is trimmed with gray Persian lamb at the collar and cuffs. The hat is of black velvet, also trimmed with the Persian lamb. The suit is ideal for shopping.

THE LANGUAGE OF YOUR HAND

By Leicester K. Davis

THE first, or nail joint of the thumb denotes the manner in which the will is used. It shows unmistakably whether its possessor is stubborn or easily influenced, impulsive or cautious. The formation of the first, or nail, joint, holds a wealth of information concerning the variations of the will.

The Strong and Stubborn Will.

The nail joint which indicates this temperamental trait also denotes a man or woman who cannot be budged once the mind has been made up to follow a given course of action.

It is most notable in the rigidity of the joint when pressure is exerted to bend it backward toward the wrist, while any unexpected attempt to close the joint palmward meets with involuntary resistance.

The nail joint of the stubborn thumb is usually of moderate length and inclined to be thickset. There is a marked absence of taper at the sides.

If the joint appears to be extremely short, the will of its owner is often blindly unreasonable, acting upon conclusions which, even though faulty, are next to impossible to change. If with this combination the underside opposite the nail is bulging, or "clubbed," we have sure indication of self-will that may get its possessor into difficulties through failure to control a violent temper. If, however, the sides of an otherwise stubborn nail joint are cleanly tapered, with the underside portion gracefully shaped, the stubbornness indicated is more likely to be confined to decisions, calm, though difficult to alter in business matters.

What The Elderly Man Can Do To Protect The Heart

Remember the old days when we used to tuck the family automobile away for the winter? The idea of driving a car in cold weather was something to make us stand agast. Very often we locked the machine up in a garage to hibernate all through the cold or icy weather.

Machines are now built to withstand the rigors of extreme cold weather, provided we take care of them. Winter driving, without question is hard on any type of gasoline motor-driven vehicle. We who drive should realize this fact and treat our automobiles accordingly.

We should see what proper and proper lubricants are put into our machines. We should see that chains are used on slippery, icy, and snowy roads.

Treat the old car as you would treat an old friend. You will get back in service just what you give in care and consideration.

Many a youngster who would not think of stealing a ride on the tailboard of a truck will hitch his sled to a car in order to enjoy a thrilling free ride. That's one of the winter hazards drivers must think about during the next month or two.

It is a great temptation to be big-hearted and let the kids have their fun, but think what it means when you suddenly decide to turn a corner and the sled on which the youngsters are riding sideswipes another car going in the opposite direction. Serious injury or death may be the result.

If you really love children you will discourage this practice. Make it a habit to look back now and then to see that you haven't picked up a couple of joy riders.

Children are care-free, ambitious, and daring. You must protect them.

FORD MOTOR CO. REPORTS BIG SALES

Sales of Lincoln-Zephyr automobiles in the Dearborn branch territory of the Ford Motor Company for the two-month period from October 1 to December 1 equal 48 percent of the total number sold in the first nine months of the year, it was announced today at the branch

This brisk sales record is in keeping with the announcement of the Ford Motor Company that November sales of Lincoln-Zephyrs totalled the largest month's volume since the new car made its debut more than a year ago. October sales were the second largest month's volume in the car's brief history.

It will be seen from this short list of "don'ts" that it is essential to live and act moderately. The belief that patients cannot be happy unless doing what they like best is not an excuse. Satisfaction can be derived from intellectual pursuits or hobbies. Sometimes the excitement of football games or other contests associated with emotional stress has caused an unfavorable reaction. Alcoholic excess, gorging of food and loss of sleep constitute a strain on the heart in elderly people.

These precautions are applicable particularly to the cases in question, but they may be followed with advantage by all elderly people. Moderation is the price of comfortable old age.

Wide acceptance of the 1937 Zephyr line is reflected in the Dearborn branch sales to date compared to sales for the first nine months of the year.

Detroit sales in October and November were almost 50 percent of the previous nine months' total. Toledo, Ohio Zephyr sales virtually equalled the nine-month total during the past two months. Lansing reported sales equivalent to the preceding nine-month total.

Lincoln-Zephyr production is now being stepped up as rapidly as possible, but the factory thus far has been unable to reduce the bank of wholesale and retail orders on hand. The Lincoln factory is now completing a year of continuous employment as a result of the increased business.

Production plans on the Zephyr line call for maintaining a heavy schedule through January. Thereafter it is expected that production will have to be stepped up still further to care for increased spring business.

DON'T BURN CHRISTMAS TREE

Don't burn a Christmas tree. This suggestion comes from conservation authorities who say that every Christmas tree is a potential feeding station for game and song birds.

By placing the tree in the yard, the butt stuck in snow or in the ground, sportsmen may use it as a place to hang suet or food scraps from the house for game and songbirds. Christmas trees used in that way may help many birds through the winter months.

Grayling Group No. 3

Grayling Group No. 3 held a business meeting December 10th at the home of Mrs. Axel Petersen. The meeting was called to order by the chairman, Mrs. Richard Lovely. The lesson was given by local leaders, Mrs. Matt Bidvia and Mrs. Joseph Kerney. The lesson was color and life, which proved very interesting.

Roll call found seven members and one guest present, Mrs. Herbert Parker.

The next meeting will be a social meeting which will be at the home of Mrs. Matt Bidvia. The date is undecided.

LITTLE STORIES FOR BEDTIME

by Thornton W. Burgess

THE DANGER SIGNAL

HERE was a great deal of uneasiness in the big barn where the Robber Rats lived. Would Billy Mink return, or had he got away? There was a chance visit, and a chance something else? The gray old leader of the rats felt sure that Billy would return. He was too anxious to eat, and you know when a rat's appetite fails he must be very much disturbed indeed.

But the younger rats were not so sure. The gray old leader necessarily frightened, and they went about their

business of stealing food and gnawing holes wherever there seemed a chance of finding a new food supply, just as if nothing had happened. However, each hole which led into the barn was continually watched by sharp eyes. These rats did not intend to be taken by surprise a second time.

Rats hate the hours of darkness. They hate the light of day. Perhaps that is because their deeds are deeds of darkness. So, when daylight came most of the rats re-

turned to their beds to sleep. Only one or two in the barn where it was dark did any of them continue to run and search what mischief they might get into.

But the wise gray old leader was not at all worried. A watch was kept on each hole, just the same as during the night. He didn't think Billy Mink would come in the day time, but he was more anxious to know that Billy Mink is never doing the un-
expected.

Calls Workers to the Cane Fields

For a century and a half this ancient bell has summoned workers to the sugar cane fields of St. Croix, Virgin Islands. Once an unhappy signal to the ears of slaves, it now sounds the starting, dinner and quitting hours for the native employees of one of the government-owned Virgin Islands company's sugar estates.

Largest Bible That Was Ever Made

Louis Waynal, a Los Angeles carpenter, recently completed what is said to be the largest Bible in the world. Using a hand stamping machine which he constructed himself, he stamped into the three-foot pages of the book every separate letter, symbol and punctuation mark in the Bible, using as a pattern his own family book. The pages of the book, of which there are 8,048, are bound with metal and weigh 1,094 pounds. A comparative size of the Bible is obtainable in this photograph of Waynal, showing it to some children.

SCHOOL NEWS

GRAYLING SCHOOL

Friday, January 6, was another day of the winter when the sun was bright, the snow was white, and the wind was cold. The school was quiet, with the exception of the sound of the children playing in the snow outside.

At breakfast it was a trip and took about from start to finish. Crossing the road the road was very narrow, and the children had to wait for the car to go. But the road was dropped and read and so, to the tune of "Dixie," Friday night, the green and white will be trying to even up the road and will the support of the local fans they should be able to give the Runners a real fight.

This And That About Your School Houses

Did You Know—

That about ninety half pints of milk are delivered daily to the two schools?

That the South Side school has an enrollment of sixty-two in grades below the fourth?

That the new fire escape from the balcony of the gym will greatly improve safety in use of the gym?

That free text books are provided in all grades to the ninth, and that they may be obtained in the lower ten grades?

That 184 books were added to the school library last year?

That the manual training department is to have new quarters when the work is done on the new rooms?

That there was a manual training department during five of the upper six grades?

That the toy repair project before Christmas was carried on in the South Side school?

That hot lunches will be served in the Home Economics rooms again this winter?

That the boys' Home Economics class even tried their hands at pie-making?

That tests of mental ability will be given, as well as the P. M. psychological tests, the Haggerty-Olson-Witkin behavior rating scale and tests for emotional guidance?

That there are 27 Seniors this year and also 27 Juniors?

That the ninth grade numbers 50?

That a teacher is on duty each day through the noon hour?

FREDERIC SCHOOL

Now that the holiday vacation is over and school is resumed again, we are glad to be back at school. We are sorry all could not come the first few days, but it seems vacation was too much for them in one way or another.

On Friday night, Jan. 3, Hydro

on Lake's first and second teams play at Frederic. The boys have been up evening up the score by winning to balance the defeat meted out to them on the visitors' own door. It promises to be a good game at all events, so remember the first game starts at 7:30, and bring your friends and come. These games are both league games and mean quite a bit to the local teams.

We were sorry to learn of the accident in which Emma Barber received a fractured leg. No one seemed to have heard of it until school called Monday morning. Bernard Feldhauser also has a sore leg when he cut it slightly while sawing wood during vacation and infection has set into it.

James Cram's parents have moved to Detroit so he has left school. We are sorry to lose him, especially some of the girls.

It seems "Skippy" has a new protector now. If he happens to be absent from the room a few moments, a certain senior girl seems worried about where he might be, and if anyone says anything about him, looks out.

We are sorry Christmas is over as we are going to miss the occasional piece of candy we were able to coax from the home economics girls. We are, however, looking forward to the time when they get to making pies.

Recreation Notes

During the month of December a program of toy collection and repair was carried out by the Recreation division of the W.P.A. This program was made

possible by the wholehearted cooperation of Mr. Schumann who gave us plenty of space for publicity in collection; Mr. Poor and other members of the school who did their part in giving us a place to work and also in making announcements to the pupils who donated most of the toys; Mrs. Gorman for her help in the collection and delivery; several of the local business men who each donated 25 cents to help in the purchase of materials for repair.

A general list of toys repaired is as follows: Games, 21; books, 3; wheeled toys, 40; dolls, 20; toys, 50; Others, 6. Most of the toys repaired were turned over to the Campfire Girls under the leadership of Mrs. Flory, and were distributed to the children by them at their Christmas party; the rest of them were given out to special cases.

The repair work was carried out by some of the young men who are working on the National Youth Administration Program and were under the leadership and supervision of A. G. Clough, Recreation leader. This work was done in the basement of the South Side school.

Irvin S. Cobb Thinks about

SANTA MONICA, CALIF.—Out here the new Authors' club is functioning nicely and abounds in surprises. For instance, at one of our luncheons, the following types were observed:

An Armenian, he being the only Armenian I ever met that didn't try to sell me a rug.

A visitor from Aberdeen who not only bought for himself but wanted to buy copiously for others.

A native writer who declined to talk about his own works.

A British writer in the same admirable fix.

A radio comedian who did not discuss his nationally important feed with some other radio comedian—probably saving that stuff for his regular broadcasts.

A house committee chairman who neither bragged nor apologized.

If we can only maintain this average, the Authors' club will become the most unusual organization on earth.

"Made in Japan"

A HIGHLY patriotic function there was a tiny American flag at each place, and on mine I found, in very small print, "Made in Japan."

And it is officially stated that at least three out of four of the totem poles sold to tourists in Alaska as authentic relics of the aborigines come also from the orient.

If, as and when we get to heaven, I wonder how many of the angels we're going to find running around wearing the label, "Made in Japan?"

Collegiate Cosmeticians.

THE students' newspaper of the University of Wisconsin has made a scientific study of the subject and announces that the average coed (female type) uses an average of 100 lipstick in one year to paint four barns. That sounds like an exaggeration—or maybe mouths are running longer and barns are running smaller. But the barns do look better for being painted.

Movie Family Parties.

MONTHS after a moving picture studio has changed hands or undergoes upheaval such earthquakes being quite frequent—the new bosses sometimes are still finding, tucked snugly away in the payroll relatives by blood or marriage of the ousted bosses. To you, reader, a new production may be either an epic or a flop, but out here it's often just a pleasant family party, extending even unto the third generation.

In other words, Hollywood has added a new line to the old spiritual, as follows:

"All Gaud's children got kinfolks!"

An Anti-War Prescription.

IF SENATOR HIRAM JOHNSON of California had never done any other statesmanlike thing—and he's done many a one during his long service in Washington—this country would owe him a debt of gratitude for that act which he put through congress providing that America can lend no more money to any foreign government still in default for sums previously borrowed from us.

Can any sane man doubt that certain European powers, now heavily in debt to us, would not be at one another's throats if they were assured of financial backing by Uncle Sam for their fighting. In other words, they'd love to enjoy another world war so long as they didn't have to pay for it. But once in awhile, even a born sucker takes the cure, provided there's a Hiram Johnson to write the prescription.

MAY INCREASE NON-RESIDENT SMALL GAME LICENSE FEE

The state legislature will be asked by the conservation commission to increase the non-resident small-game hunting license fee to \$15. Under the present law non-residents from nearby states may obtain a non-resident small-game license for \$5. By increasing this fee to \$15, Michigan's non-resident small-game hunting license would be comparable in cost to those of most nearby states.

LOCALS

THURSDAY, JANUARY 7, 1937

W. H. Ketzbeck is ill at his home.

Regular meeting of Grayling chapter O.E.S. No. 83 will be Wednesday evening, Jan. 13.

The regular meeting of the American Legion Auxiliary will be held at the hall next Tuesday evening, Jan. 12.

Chaplain Connolly has returned from a twelve-day leave to Galesburg, Ill., where he visited his family.

Miss Beverly Schabell has accepted a position as stenographer for the local resettlement administration.

The remains of Louis M. Bowers, aged 65, were taken to Toledo, O., today. He passed away in Mercy Hospital Tuesday noon of a heart attack. Mr. Bowers made his home with Mr. and Mrs. A. C. Gierke for the past three years. His only survivor is his sister, Miss Anna Bowers, of Fenton, Ill.

An afternoon meeting of the Ladies Aid society of Michelson Memorial church, followed by lunch, will be held at the home of Mrs. A. J. Joseph, Friday, Jan. 8, at 2:30 o'clock. Assisting Mrs. Joseph will be Mrs. Frank Bond, Mrs. George Sorenson and Mrs. E. N. Durkee.

The Woman's Home Missionary society will meet at the home of Mrs. Celia Granger at 2:30 o'clock Wednesday afternoon, Jan. 13.

Buy your Winter Sports association membership now, without solicitation, and save the committed the trouble of having to call on you.

Mrs. Ernest Hoesli entertained her bridge club Wednesday afternoon. Mrs. Harold McNeven had high score. Mrs. Willard Cornell was a guest of the club.

The Emil Niederer family are all confined to their home with an attack of the flu. All are better, however, and will soon be out again. Miss Kollin, teacher, who lives at the Niederer home, was taken to her home in Standish today.

Mr. and Mrs. Royal A. Wright left this morning for West Palm Beach for the winter where "K. A." intends to resume deep sea fishing from where he left on last season. He has promised to send us a few samples of swordfish and other sea monsters that he expects to catch.

Friends of Judge Edward Bilitzke will be glad to learn that he has formed a law partnership with Attorney William T. Yeo of West Branch. Mr. Bilitzke is an outstanding attorney. He was formerly assistant attorney general of Michigan and has had a wide experience in the practice of law. Mr. Yeo is recognized as one of northern Michigan's most able attorneys. The new firm has our best wishes.

Every Kiwanian in Michigan is invited to attend the annual Mid-Winter Meeting to be held at Hotel Statler, Detroit, Thursday, January 21, 1937, from 9:30 a.m. to 4:30 p.m., EST. Three International officers will be present and appear on the program. International President, A. Copeland Callen; International Vice-President for Canada, F. Trafford Taylor; International Secretary, Fred C. W. Parker. A most unusual attraction.

1919

Our bank has now completed the first five years of its existence and we desire at this time to express our sincere appreciation to our depositors for the confidence and cooperation extended to us without which we could not have experienced the satisfactory growth reflected in the above statement. We also wish to thank our directors who have served in that capacity without compensation. Thanks are also due our Stockholders' Auditing Committee, composed of Messrs. T. P. Peterson, George N. Olson and Alfred Hanson, who twice annually and likewise without compensation thoroughly and competently have made an audit of the affairs of the bank as required by law. Last but certainly not least, we sincerely thank our stockholders who for the preceding five years have refrained from requesting that dividends be paid on their investment in the Capital Stock of this bank, which has enabled us to build up a surplus amply commensurate with the Capital structure and now affording an adequate safeguard against possible losses.

This whole-hearted cooperation on the part of everyone concerned has enabled us in turn to render banking service to this community during the past five years. Two items alone will illustrate this: 4,263 loans have been made to date amounting to \$1,608,894.95, which amount, we believe has directly or indirectly benefitted everyone in this community. Also, we have handled and cleared for our clients during that period checks amounting to \$23,104,927.60.

With Best Wishes for the Happiness and Prosperity of all our clients in 1937, we remain

Yours very truly,

Grayling State Savings Bank
